Only 42% percent of employees believe that management cares about them at all

Only 29% of Employees believe that management cares about them developing their skills

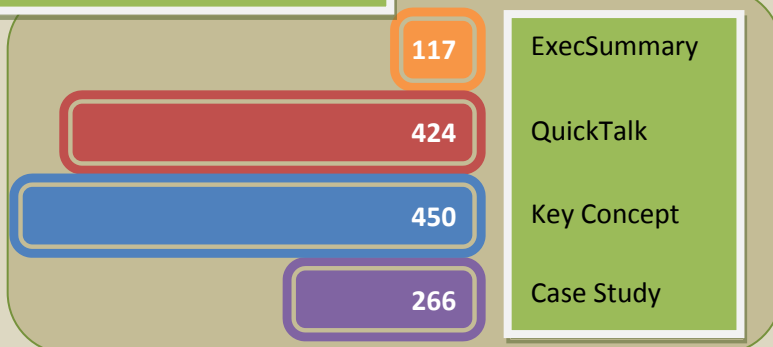

"I really like the **On the Go** feature. I was able to print a copy of a piece – "What is a Global Manager" to read in the car. Very handy."

"Quite honestly, I had difficulty finding any topics which are NOT beneficial to a newly on-boarding director."

"For Directors who usually has a full calendar day in day out, **Fast Track** is very beneficial."

Leadership at the Executive Level

SLA Assets by the Numbers

A commitment to develop all leader levels in a blended, social, collaborative way is nothing short of hard work. However, the rewards are worth it – lower employee turnover, higher workforce empowerment, increased work productivity and successful execution of business goals.

Senior executives are acutely aware that achieving these business goals and gaining organizational stability depends on full leader talent pipelines of qualified leaders.
